Re: Municipal Water Project

Dear Property Owner:

This letter is a follow-up to our meeting on Sept. 17, 2009. During that meeting Manchester Water Works provided some good news. The municipal water project originally estimated at \$2.7 million will be about \$1.9 million. As stated previously 50% of this cost will be funded by the American Recovery and Reinvestment Act (ARRA), and the remaining 50% will be paid by the property owners who benefit from this betterment.

The Selectmen provided the methodology for arriving at a fair share for each property owner. Due to the unique features of the neighborhood, a formula was developed using three factors: (1) assessed land value; (2) potential building lots; and (3) potential dwelling units. Enclosed is a spreadsheet indicating each property owner's fair share of the betterment assuming a project cost of \$1.9 million. When the project is completed and all costs are known, each property owner will receive a bill for their fair share. At that time each property owner will decide whether to pay the entire bill or finance it through the Town via the State Revolving Loan Fund. This loan also known as a "Betterment Assessment" would be recorded at the Registry of Deeds much like a mortgage and will stay on the property until paid in full. The Board of Selectmen will be deciding the length of time to finance this improvement and seeks your input on the questionnaire enclosed.

Regarding hookups (i.e. installation of the water line from your house to your property line), you have two options: (1) you can do it on your own at your own expense without any grants; or (2) you can choose to be included in the Town's competitive bid process under the STAG grants which will provide up to 55% in funding (not to exceed available funds from STAG). In an effort to submit accurate STAG grant applications, the town needs to know who is interested in STAG funding. If you choose to do your own hookup or hire a contractor, then you will **not** be eligible for STAG funding. When bids are received, then we can provide you with your actual hookup cost. Also, please be advised that it could take 90 days for the grantor to award the STAG grant. Therefore, we are seeking your response on the enclosed questionnaire by **October 2, 2009**. Please be advised anyone responding after October 2, 2009 may jeopardize STAG funding for their hookup.

If you have any questions, please contact me at 497-8990 x102.

Sincerely,

Sue Desruisseaux, MPA
Town Administrator

QUESTIONNAIRE
Lynchville-Danis-Dumont Park Water System
Mailed September 22, 2009

<name>
<street address>
<town/state/zip code>
<map/lot>

BETTERMENT ASSESSMENT (for installation of the public portion of the water system):

1. Do you plan to pay your Betterment Assessment with one full payment?
 Yes No

2. If No to #1, then you will be financing your fair share with the State Revolving Loan Fund. Please check which term you prefer for a Betterment Assessment:

EXAMPLE: \$5,000 financed	Annual Payment	Interest Paid over Term
<input type="checkbox"/> 5 years @ 1.17%	\$1,030	\$150.11
<input type="checkbox"/> 10 years @ 2.34%	\$561	\$612.65
<input type="checkbox"/> 15 years @ 3.51%	\$429	\$1,438.36
<input type="checkbox"/> 20 years @ 3.744%	\$356	\$2,110.91

HOOKUP COSTS (for installation of the private portion from your house to your property line):

3. Do you plan to hookup to the municipal water system?
 Yes No

4. If Yes to #3, do you wish to participate in the STAG funding for your water hookup?
 Yes No
