Re: Municipal Water System for Lynchville and Danis Parks

Dear Property Owner:

This letter is a follow-up to my letter of April 10, 2009 which notified you that the Lynchville Danis Park municipal water project was placed on the preliminary NH Department of Environmental Services (NHDES) list for 50% funding from the American Recovery and Reinvestment Act (ARRA), commonly known as the Presidents' Stimulus program. This project is now on the final NHDES list, and the town is proceeding with the necessary steps to move forward with this project.

In an effort to communicate with all property owners who will be impacted by this project, the Selectmen are holding an informational meeting on **Monday May 11, 2009 at 7:00 pm** in the Dr. Craig Hieber Auditorium at Goffstown High School, 27 Wallace Road. The Goffstown Board of Selectmen, the Public Works Director, the Town Administrator along with representatives of NH Department of Environmental Services and Manchester Water Works will be in attendance at this meeting. Following a presentation of the project, there will be a question and answer period to answer your questions and address your concerns. I understand that some property owners are delighted about the prospect of improving the quality and quantity of their drinking water while others are satisfied with their water and are concerned about the expense. This is your opportunity to share your views with your elected officials who in the end must decide what is in the best interest of the whole community.

I hope you are able to join us on Monday May 11th at 7:00 pm. If you are unable to attend but would like to comment, then please feel free to send me an email (sued@GoffstownNH.gov) or a letter, and I will share your comments at the meeting.

Sincerely,

Sue Desruisseaux, MPA
Town Administrator
